PAREXUSA

1 Identification of the substance/preparation and of the company/undertaking

Product details	
Product category:	FACADE
Trade name:	PAREX 302 BASECOAT & ADHESIVE
Application/preparation of the substar	EIFS Basecoat and Adhesive
Manufacturer/Supplier:	PAREXUSA, Inc.
	4125 E. LA PALMA AVE
	SUITE 250
	ANAHEIM, CA 92807
Further information obtainable from:	david.reyes@parexusa.com
Contact phone number:	800-226-2424
In case of emergency, contact CHEMTR	800-424-9300

2 Hazards identification

Hazard pictograms (GHS-US):	Irritant	
	Health Hazards	
Signal word (GHS-US):	Warning	
Hazard statement (GHS-US):	H303	Can be harmful if swallowed
	H320	Causes eye irritation
	H335	May cause respiratory irritation
	H313	May be harmful in contact with skin
Precautionary statements (GHS-US):	P402	Store in a dry place.
	P280	Wear protective gloves/protective clothing/eye protection/face protection.
	P302+P352	IF ON SKIN: Wash with plenty of soap and water
	P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
	P304+P341	IF INHALED: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing
	P301+P310	IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician
HMIS codes:		
Health	1*	
Flammability	0	
Reactivity	0	

Protective equipment

Information concerning particular hazards for human and environment:

Е

May be harmful if ingested.

Dust may be irritating to eyes, respiratory system, and skin.

Not known to cause reproductive harm or birth defects.

Keep out of reach of children.

*Chronic Hazard

3	Composition/information on ingred	ients		
	Chemical characterization			
	Dangerous components:			
	CAS #	Name	Exposure Lin	nit
	1317-65-3	Calcium Carbonate	OSHA TWA	15 mg/m ³ (Total)
			OSHA TWA	5 mg/m ³ (Resp)
	14807-96-6	Talc	ACGIH TWA	3mg/mg ³ (Resp)
	14807-90-0		OSHA PEL	3mg/mg ³ (Resp)
	51200-87-4	4,4 Dimethyloxazolidine	none established	
		Titanium Dioxide	ACGIH TLV	10mg/m ³ (Total)
	51200-87-4		OSHA PEL	15mg/m ³ (Total)
	51200-87-4	Nuisance Dust	ACGIH TLV	3mg/mg ³ (Resp)
		Nuisance Dust	ACGIH TLV	5mg/mg ³ (Resp)

	Additional information:	n/a
4	First aid measures	
	General information:	n/a
	After inhalation:	Remove to fresh air. If not breathing, give artificial respiration. If having difficulty breathing, give oxygen. Get immediate medical attention.
	After skin contact:	Wash affected area thoroughly with soap and water. Remove contaminated clothes and launder before re-use.
	After eye contact:	Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.
	After swallowing:	Do not induce vomiting. Get medical attention immediately.

5	Fire-fighting measures	
	General information:	This product does not support combustion and is non- flammable
	Flash point:	n/a
	Suitable extinguishing agents:	
		For the dried product, use carbon dioxide, dry chemical, or alcohol foam.
	Hazardous combustion products:	n/a
	Protective equipment:	n/a
	Firefighting instructions:	n/a

6 Accidental release measures

Measures for environmental protection Keep spilled products out of sewers, streams, and water systems.

Measures for cleaning/collecting:	For dry material, collect by sweeping and scooping. Transfer collected material to a container, being careful to minimize creation of dust. For wet material, scoop material up and transfer to an open container. Allow material to dry before disposal.
Additional information:	See section 13 and section 15 for specific regulatory information concerning this product.

7 Handling and storage

Handling:

Wear appropriate protective equipment when working with this product. Promptly remove dusty clothing, or clothing wet with product mix, and launder before re-using. Wash thoroughly after exposure to product mixtures. Keep out of reach of children.

Storage:

Store in a dry location. Atmospheric temperatures and pressures do not affect the shelf life of this product.

8 Exposure controls/personal protection

Additional information about design of technical facilities: n/a

Personal protective equipment:	
ventilation	Use local exhaust. General exhaust acceptable if the exposure to materials above is maintained below applicable exposure limits. Refer to OSHA Standards 1910.94, 1910.107, and 1910.108.
respiratory protection	If personal exposure cannot be controlled below applicable limits by ventilation, wear a properly fitted organic vapor/particulate respirator approved by NIOSH for protection against materials described above.
eye protection	Wear safety glasses to reduce the potential for eye contact.
skin protection	Prevent prolonged or repeated contact by using rubber gloves and appropriate protective clothing.

9 Physical and chemical properties

General information:		
form	Powdered solid	
color	off white	
odor	Mild Ammonia	
рН	12-13 in water	
Change in condition:	Change in condition:	
melting point/melting point rangn/a		
boiling point/boiling point rang	gen/a	
evaporation rate:	n/a	
vapor density:	n/a	
Specific gravity:	1.89	
Solubility in/Miscibility with water:	dispersible	
Density at 20°C:	15.76 lb/gal	
VOC:	8g/L (0.066lb/gal)	

10 Stability and reactivity

Conditions to be avoided:	None known
Chemical stability:	Stable
Materials to be avoided:	None known
Hazardous polymerization:	Will not occur

Dangerous decomposition products:

Will not spontaneously occur. Addition of water will produce caustic calcium hydroxide, which can cause chemical burns.

.1 To	oxicological information	
A	cute toxicity:	
	crystalline silica (quartz, cristobali	ti Considered a known human carcinogen by Federal (OSHA) and advising health agencies (IARC, NIOSH, and NTP). Additionally, crystalline silica can cause a lung condition known as silicosis after long term exposure to dusts containing crystalline silica. Exposure of workers to crystalline silica containing dusts is specifically regulated by OSHA. The use of a correctly fitted, NIOSH approved respirator suitable for use against crystalline silica inhalation is essential for minimizing exposure to this danger.
	mineral dusts	Some items mentioned in Section 8 are considered mineral dusts by OSHA and a correctly fitted, NIOSH approved respirator is required when working with this product.
	titanium dioxide	is considered a suspected carcinogen by advising health agencies. There is one animal study where titanium dioxide exposure caused lung cancer in rats. However, the level of exposure during the test was far in excess of what would be experienced by workers during use of this product. However, care should be exercised and the use of a correctly fitted, NIOSH approved respirator should be used when working with the product.
Pr	imary irritant effect:	
	on the skin	Exposure of skin to wet product may cause chemical burns. Symptoms of exposure may take several hours to manifest.
	on the eye	Exposure of eyes to wet product may cause chemical burns and blindness. Exposure to airborne dust can cause immediate or delayed irritation or inflammation.
	through ingestion	May be harmful if ingested.
	through inhalation	Dust generated during handling this product may cause irritation to the respiratory tract.
A	dditional toxicological information:	n/a

12 Ecological information

Elimination (persistence and degradabi n/a Behavior in environmental systems: n/a Mobility and bioaccumulation potentia n/a General notes: n/a

13 Disposal considerations

Product recommendation:

This product must be disposed of in accordance with applicable local, state and federal regulations. Where possible, it is best to use up any excess material.

Uncleaned packaging recommendation Disposal must be made according to official regulations.

14 Transport information

Land transport USDOT Sea transport IMDG Air transport IATA/ICAO Not classified as a dangerous good under transport regulations Not classified as a dangerous good under transport regulations Not classified as a dangerous good under transport regulations

15 Regulatory information

CERCLA	v, section 103 (40CRF302.4)
	This product contains the following toxic chemicals that require notification of the National Response Center of releases
	of quantities of hazardous substances equal to or greater than the Reportable Quantities (RQ):
	No reportable quantities are present.
Clean A	ir Act, section 112
	This product contains the following components present at or above the minimum level and listed as Hazardous or
	Extremely Hazardous Air Pollutants:
	No reportable quantities are present.
ARA.	section 302 (40CFR355.30) and section 304 (40CFR355.40)
	This product contains the following items that require emergency planning based on Threshold Planning Quantities (TPQ)
	or release reporting based on RQ:
	No reportable quantities are present.
	section 311/312 (40CFR370.21) Hazard classification for this product
	Fire: No Pressure generating: No Reactivity: No
	Acute health: Yes Chronic health: Yes
SARA (section 313 (40CFR372.65)
, ,	This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the
	Superfund Amendment and Reauthorization Act of 1986:
	No reportable quantities are present.
	C regulations
	Theoretical VOC for this product = 8 g/L (0.0665lb/gal)
SCA	
SCA	All components of this product are listed, or one assert from listing on the TCCA investory.
	All components of this product are listed, or are exempt from listing on the TSCA inventory.
DSHA	This Cafety Data Chapt is prepared to some humith the United States Occurptional Cafety and Uselth Administration
	This Safety Data Sheet is prepared to comply with the United States Occupational Safety and Health Administration (OSHA) Hazard Communication Standard (29 CFR1910.1200). Unlisted ingredients are not 'hazardous' per OSHA
	standards.
	In addition to items listed in Section 11, this product contains the following items that are specifically regulated by OSHA.
	Exposure limits may be found in Section 8.
	No reportable quantities are present.

California Prop65

Warning - The following chemicals are present in this coating product in small amounts. These chemicals are listed by the California EPA as materials known to the State of California to cause cancer, (and/or) birth defects, (and/or) other reproductive harm:

Calcium carbonate CAS # 1317-65-3

16 Other information

The information and recommendation set forth herein are believed to be accurate. Because some of the information used to prepare this document is derived from information provided to PAREXUSA, Inc. from its suppliers, and because PAREXUSA, Inc. has no control over the conditions of handling and use, PAREXUSA, Inc. makes no warranty, expressed or implied, regarding the accuracy of the data or the results to be obtained from the use thereof and assumes no responsibility from use or reliance thereon. It is the responsibility of the user of PAREXUSA, Inc. products to comply with all applicable federal, state, and local laws and regulations.
